

Helping With Math

Identifying Time in Hours and Half-hours

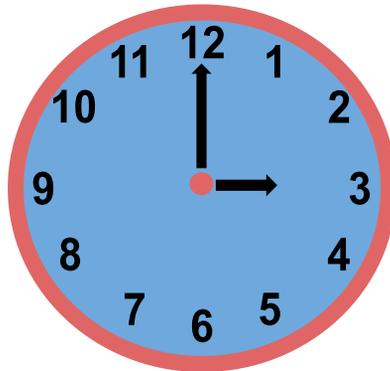

GRADE 1

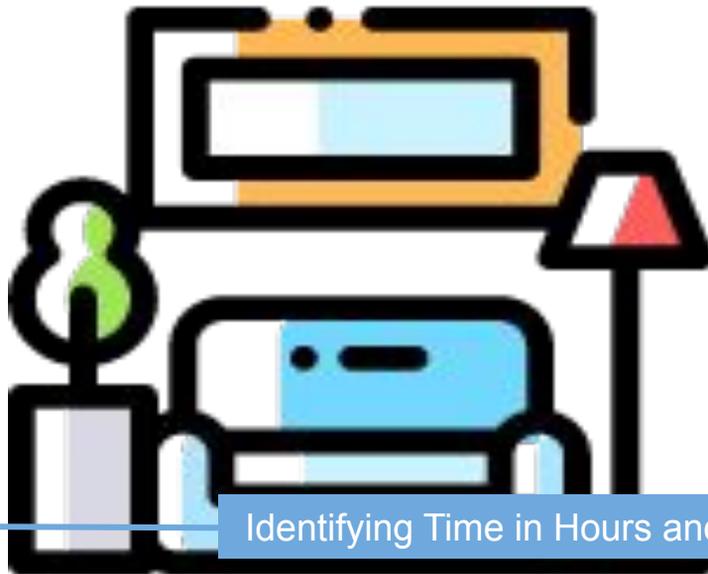

Telling time is easy once you get the hang of it. First, you have to know how to count by 5s, then you have to simply know the numbers on the clock from 1 to 12.

The **Long Hand** is the minute hand which tells minutes

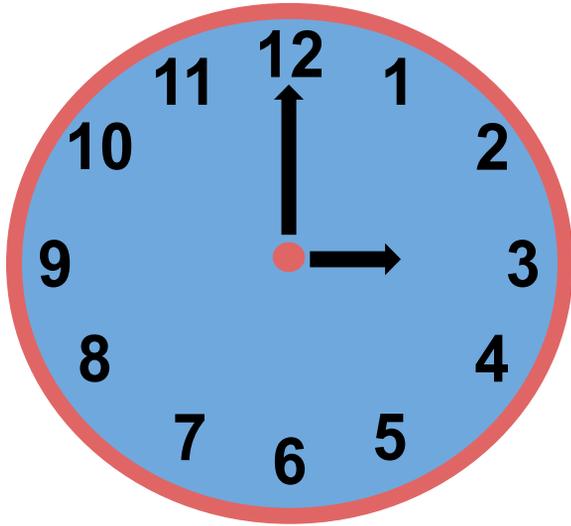

The **Short Hand** is the hour hand which tells what hour it is.

Identifying Time in Hours and Half-hours

Full Hours and Half-Hours

3 : 00

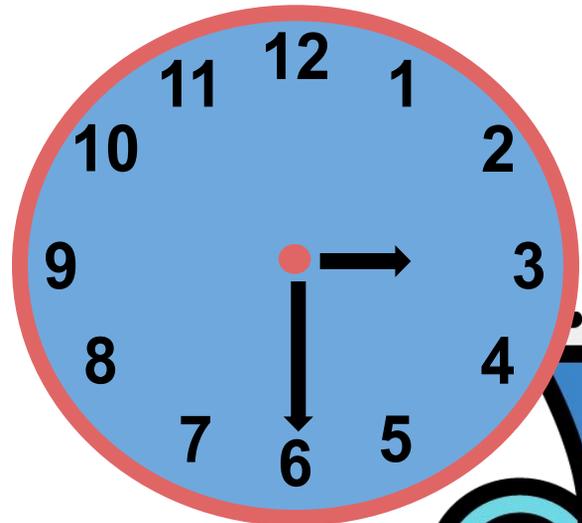

When the long hand points to 12, the time is full hour or **o'clock**.

What time is it?

If the minute hand is on 6, then it is **30 minutes** after the hour.

Sometimes people say this as **half an hour**.

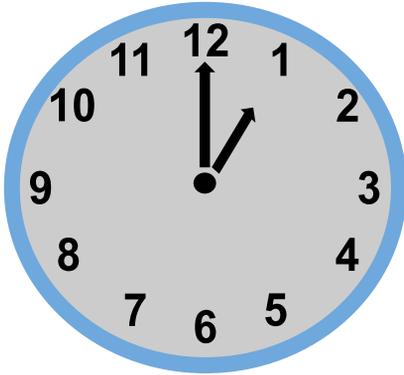

Can you tell what time is it?

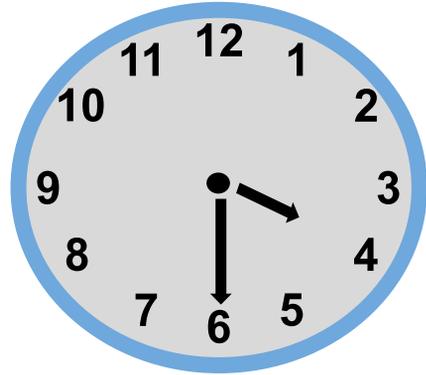

3 : 30

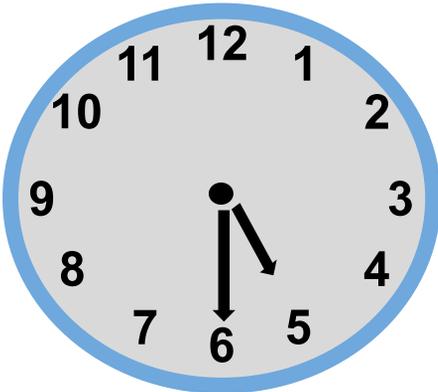

Write down the correct time. Is it a full hour or half an hour?
