Adding Numbers within 20

GRADE 1

Adding numbers is simply counting all items together to form a larger group. In this worksheet, the highest sum we can possibly get is 20.

Count each group and write their sum in the water bubble.

2

$9 + 6 =$

3

$12 + 6 =$

Count the marine animals and write their total number in the box.

RIGHT COLOR

Complete the color of the sea creature by solving the problems.
Choose the right color of the correct answer.

UNDER THE OCEAN

Count the different sea creature and add them together.

$$6 + 6 = 12$$
