Helping With Math

USA
GRADES

Yearly Calendar

Suitable for students
aged 6-8

This pack is suitable for learners aged 6 to 8 years old or 2nd & 3rd graders (USA). The content covers fact files and relevant basic and advanced activities involving yearly calendars.

Will you help me with my schedule?
Learn the calendar with me.

What is a **Calendar**?

- It is a series of pages showing the days, weeks, and months of a particular year.
- This chart also shows special occasions, holidays or religious observances.
- It contains the 12 months of the current year.

PARTS OF A CALENDAR

What is a Year?

- A year is a unit of time that contains 365 days.
- Each year has 12 months, containing 30 or 31 days each, except for February which has 28 days.
- In Science, a year shows the orbital period of the Earth around the Sun.
